PEAK MONTHLY VISITS

THE DECISION	The calendar is the strategy. Ramadan, Eid al-Fitr, Eid al-Adha and Diwali each run as a full programme of product, photography, campaign, events and retail.
THE CONSTRAINT	The lunar calendar moves roughly eleven days a year, so nothing carries over. The plan is rebuilt annually rather than repeated.
THE LIMIT	Growth here was bought with structure, not budget. That is a slower route than paid media and it was chosen deliberately.
